STATE COLLEGE, Pa. (AP)—Federal and state investigators have completed the first half of their investigation into a small plane crash which killed four servicemen last Friday.

A spokesman for the Civil Aeronautics Board, which is heading the inquiry, said investigators spent Sunday "documenting the wreckage area." The plane was discovered between State College and Potters Mills in Centre County.

He said the probe now turns to the "operations phase" of the flight of the four-passenger plane checking such items as the plane's route, flight plans, communications and weather, among other things.

## CRASHED NEAR HIGHWAY

Killed when the single-engine Avion went down about 300 yards off Route 322 were:

Staff Sgt. Fay D. Ross, 28, of Rantoul, Ill., believed to be the pilot; 2-Lt. Paul McAneny, 22, of Summit, N. J.; 2-Lt. Richard Windmuller, St. Albans, N. Y., and Airman 3C David Riess, 21, of Rochester, N. Y.

All were stationed at Chanute Air Force Base, Rantoul, Ill.

The time of the crash has been fixed at 6:25 p.m., Friday, about 20 minutes after the craft took off from nearby Philipsburg Airport. It was due in Morristown, N. J., at 8:11 p.m. that night.

The CAB spokesman said the wreckage and the bodies of the victims were strewn over an area about 100 feet square.

The plane was not a military craft, but was believed to have been rented from an Illinois aero club.

## TELLS GROWTH

(Continued From Page 1) series of distinctive aviation badges which were created 50 years ago. Appropriately a pilot must fly more than 50 miles high to qualify as an astronaut.

"The Air Force as we know it today got its start 56 years ago, in 1907, when the aeronautical division of the Signal Corps was established to have charge of all matters pertaining to military ballooning, air machines and all kindred subjects."

"The War Department acquired its first airplane in August, 1909. The Wright Brothers had made several flights at Fort Myer, Va., in 1908 but the tests were halted by an unfortunate accident which killed Lt. Thomas Selfridge and seriously injured Orville Wright. Selfridge thus became the first man in the world to make supreme sacrifice in conquering the problem of human mechanical flight. Selfridge Air Force Base, near Detroit, is named in his honor."

"The past 50 years have seen aviation advances which defy description. What will the next 50 years bring? I have no crystal ball, but the men who wear the Air Force silver wings will be in the vanguard, as always!"

# ENGINE RIPPED FROM AIRLINER CARRYING 128

**SHREVEPORT, La. (AP)** — Investigators are trying to find out what ripped one engine from a four-engine jet airliner carrying 128 persons, forcing an emergency landing.

Pilot Mel H. French of Huntington Station, L.I., said the Eastern Airlines DC8 ran into the worst turbulence he had ever encountered shortly after takeoff from Houston Saturday.

Flying at 20,000 feet, the plane suddenly was caught in a violent downdraft and dropped nearly three miles in about 12 seconds.

Passengers with seat belts unfastened were pushed against the ceiling where they remained helpless until the pilot regained control and leveled off around 6,500 feet.

## SAW ENGINE GO

Dr. M. C. Elroy of Philadelphia said he fell back into his seat by a window just in time to see the wing vibrating violently and the nearest engine rip away. The starboard engine struck the tail stabilizer, denting it, and disappeared.

A search was under way for the engine about 45 miles southwest of Houston.

The plane was en route from New York to Mexico City. The incident occurred about 10 minutes out of Houston.

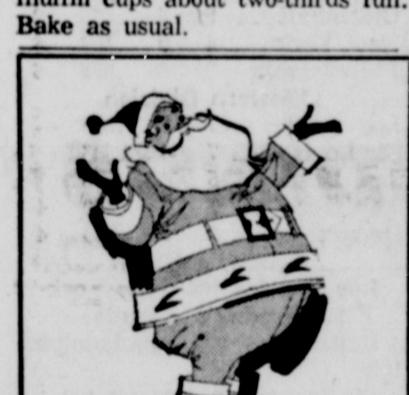

Capt. French said he landed at Barksdale Air Force Base here, because of its crash-landing equipment. Shreveport is about 225 miles northeast of Houston.

The plane landed after circling the base about 30 minutes to use up fuel.

More than two dozen were sent to the base and Shreveport hospitals for examination. Another airline put the other passengers to their destinations.

Only two remained in the hospital until Sunday night.

Small fry will enjoy the "surprise" in muffins if you make them this way. Fill buttered muffin-pan cups about half full of batter; drop a level teaspoonful of currant jelly in the center; add enough more batter to fill the muffin cups about two-thirds full. Bake as usual.

### "THE SERVICEMAN"

He readied for the battle . . . asked God to see him through . . . for the moment was approaching . . . and he had a job to do . . . in his mind were thoughts of dear ones . . . and the home he loved so well . . . then his darting thoughts were shifted . . . to his coming trip through hell . . . he was there so we could prosper . . . live in freedom tried and true . . . yes, he was on the brink of death . . . for folks like me and you . . . and at home there was a heartache . . . and a bitter silent tear . . . for the ones, who loved this serviceman . . . lived in constant doubt and fear . . . so let's do all in our power . . . not to ever let him down . . . for the man waits to battle . . . is the keeper of our town.

Arriving by bus Friday after midnight they were guests at the Hotel Gettysburg. On Saturday they were the guests of the Visitor Center, the Electric Map, the Civil War Wax Museum and America at Gettysburg. Following luncheon at the Cannon Cafeteria they were guests of Gettysburg Tours for a tour of the battlefield. Following dinner at the hotel Saturday night they held a dance in the main dining room of the hotel.

On Sunday morning the handicapped group were guests at the Hall of Presidents, the Jennie Wade House and Fantasyland and following an early afternoon dinner at the hotel returned to New York.

Miss Mimi Erlich and Morris Golub, of the federation, expressed their appreciation to the various attractions for the hospitality extended.

"We make a tour each year and have been in Washington, Quebec and the Pennsylvania Dutch country. The visit to Gettysburg topped all others not only in interest but particularly in the generous hospitality that everyone extended us. These people are enthusiastic and appreciative boosters of Gettysburg and they really had the time of their lives," the federation directors said.

## 24 Are Guests At Lebanon Valley

Twenty-four members of the Memorial EUB Youth Fellowship attended Church Day on the campus of Lebanon Valley College at Annville on Saturday morning. They were among 2,000 young people that attended from approximately 60 per cent of the churches of the Pennsylvania Conference and the former East Pennsylvania Conference of the Evangelical United Brethren Church. They were later joined by 1,200 EUB young people to witness the annual football game between Albright College and Lebanon Valley College at the Lebanon High School stadium. Lebanon Valley won 21-12.

Dr. Frederic K. Miller, president of Lebanon Valley College, brought greetings to the group at the opening session held in the Lynch Memorial building. Other activities during the morning included a concert by the college marching band, a tour of campus facilities and visits to various departments of the college.

### FREE SCHOOL ACT

"There is another very vivid picture with me here today. It shows two political enemies, Gov. George Wolf and the man who had opposed him most bitterly in the campaign for his second term, Thaddeus Stevens of Gettysburg and Adams County. Brilliant, erratic and liberal, Stevens, a Whig, joined forces with Jacksonian Democrat Wolf to bring education for the children of the state. Together, in 1834, these two political enemies put through the Free School Act.

"The Free School Act established school districts, a state subsidy in terms of aid, and a system of inspection. However, the act gave to each district a choice.

"Either it set up a system of taxes to finance its schools,

or it could not draw state aid. As you might imagine there was a political storm.

## ONE HUNDRED YEARS AGO

The National Cemetery:  
Thursday, Nov. 19th, will be a  
memorable one in the history  
of Gettysburg, following in the  
footsteps of the great Battle  
which has made our town one  
of fame and historic interest.The whole country has been  
excited and but few places have  
been the centre of such intense  
interest as has been exhibited  
during the months succeeding  
the great battles of the three  
first days of July; and the feeling  
has culminated in the grand  
consecration of a National  
Cemetery on Thursday the 19th  
inst. The arrangements have  
been made for a proper celebra-  
tion of the affair, in a manner  
becoming the great occasion.Living wholly within ourselves, without growing out,  
nourishes self-pity, makes us selfish and unthoughtful, and usually  
unhappy. There is no time left to complain if we keep busy ex-  
panding and growing in mind and heart by doing our best to  
make this a happier and safer  
world in which to live.Tomorrow's subject: "The

## A Novel Bet: Gettysburg,

along with many other towns,

had its novel election wager.

Sometime before the election

Charlie Sefton and Herman

with Harry Heagy and Charlie

Troxell, Democrats, to saw a

cord of wood in the Square of

the town, and deliver it to the

winners if Cleveland should win,

and the latter were to do the

same upon the event of Harris-

son's success. The Democrats lost.

Monday afternoon was chosen as the time, and the boys preceded by the drum corps, marched to their work. A

great crowd had been attracted

to see them "eat" up the wood.

They were in their shirt sleeves

and had their red bandanas tied around their necks. Notwith-

standing a great deal of "guying" the boys fulfilled their

contract, much to the amusement

of the spectators. Mr.

John Dixon of Liberty Twp had

a novel bet with an Emmits-

burgher. If Harrison was elected

Mr. Dixon was to take a wheel-

barrow in to Emmitsburg and

the Emmitsburger was to haul

him out to his home, a distance

of about three miles. If Cleve-

land was elected the Emmits-

burgher would have been hauled

into Emmitsburg. A procession

is to follow the hauling. A for-

feit is provided.

Invitations are out for the

marriage of Miss Alice Irene,

daughter of Thomas G. Neely,

Esq., to Dr. E. W. Cashman of

York Springs, on Nov. 1.

Mr. Adam Diller died in Han-

over on Sunday evening from

the effects of the paralytic

stroke noticed by us last week.

## Today's Talk

KEEP GROWING OUT  
OF YOURSELFOne of the main reasons why  
there are so many unhappy and  
dissatisfied people in the world  
is that they lie dormant within  
themselves. And there — little  
by little — die away.The vigorous personality  
keeps enlarging in scope, be-  
cause within that person's mind  
and heart, are forces forever  
at work, breaking their barriers,  
making paths for an entrance to  
the outside world.People who are interested in  
world affairs, in social improve-  
ment, in the fullest education of  
every faculty that they have,  
find no time in which to com-  
plain, or to think of any unhappy  
lot that may have been  
thrust upon them.Keep growing out of yourself  
by daily gratuitous exercise of  
every God-given gift of mind  
and body. Let nothing of the  
world lie slumbering within you.said Montaigne: "I do not un-  
derstand; I pause; I examine;  
and he might have added: I  
look around. I use my eyes. I  
think. I use what intelligence I  
have to learn about life and  
things outside of myself.Of ourselves we are not so  
much to boast about — but  
within ourselves we are forces  
of great power by which we can  
manufacture from the raw prod-  
ucts of this outside world — its  
ideas, its beauties, its varied  
peoples, its endless creations —  
finished acts and enterprises  
that will bless the world. We  
grow out of ourselves by becoming  
distributors of what we  
make of ourselves.Living wholly within ourselves, without growing out,  
nourishes self-pity, makes us selfish and unthoughtful, and usually  
unhappy. There is no time left to complain if we keep busy ex-

## Bermudian Drops Final To Kennard-Dale 33-12; Score Twice On Aerials

Bermudian Springs rang down the curtain on a 1-7 season Saturday afternoon when it bowed to Kennard-Dale 33-12 at Fawn Grove. It was the first victory for the Rams after nine losses.

Tom Shreiner's Eagles made the only threat during the first quarter when they marched 56 yards to reach the Kennard-Dale eight but were thrown back to the 11 where the Rams took over.

The Rams broke loose with three touchdowns in the second period. Midway in the quarter Bermudian was deep in its territory via a holding penalty and was forced to punt. The kick carried only to the 20 and in two plays K-D scored. Russ Smith went off the right side to the 12-yard line and a penalty set the Eagles back to the four from where Smith scored. Howard Wales passed to Jim Marsteller for the extra point.

Two more touchdowns followed quickly. Bermudian gambled deep in their own territory on a fourth down pass and Smith intercepted a pass by Todd Tanger on the 17 and raced to the six before being dropped. On the next play Smith shot through the right side of the line to hit pay dirt. Don Fair blocked Wales' kick for the point.

A short time later K-D took possession on the Bermudian 47 following a punt. Two plays later Wales shot a 10-yard pass to Clyde Burkins who raced 37 yards. A pass for the point failed.

### EAGLES SCORE ON PASS

Bermudian chalked up its first score midway in the third frame. The Eagles stopped a fourth down attempt by the Rams on the K-D 37. Tanger passed to Bob Lanahan for 11 yards and finally Tanger connected with Jay Smith on an eight-yard aerial for the score. Don Cornman's kick for the point was wide.

A minute after the ensuing kickoff the Rams scored early in the fourth period, Wales passing to Burkins for a 51-yard scoring play. Fair made his second block of the attempted kick for the point.

Kennard-Dale then came up with a safety after being stopped by Bermudian at the 13. A fumble in the backfield was recovered by Bill Shook of the Eagles in the end zone to give the Rams two points and make the score 27-6.

Moments later Bob Gibbs intercepted an Eagle pass on the Bermudian 20. He followed with a blast through tackle for the score.

Bermudian struck back through the air to chalk up its final score. Larry Bobb passed to Jim Harbold for 27 yards, Lancaster for eight and Harbold again for a 50-yard scoring play. Cornman's kick for the point was low.

### PHILS SIGN CLUB

#### PHILADELPHIA (AP)—The

Philadelphia Phillies have added the Eugene, Ore., team of the Class A Northwest League to their farm system to replace Twin Falls of the Pioneer League on several federations.

The AAU represents the United States on nine international federations. It has been locked in a feud with the NCAA which seeks to replace the AAU on several federations.

Syracuse, which muffed several scoring opportunities, had to overcome a 7-6 halftime deficit.

Pagliano's decisive field goal came at 4:32 of the final quarter after the ball had been moved from the 10 to the 15 because of a delay-of-game penalty. In the third period a Puglio field goal attempt from the 18 went wide of the mark.

##### BEARS TO FACE PACKERS NEXT

CHICAGO (AP) — "I'm glad that one's behind us," said owner-coach George Halas of the Chicago bears. "But I don't like seeing what's ahead of us."
Halas' comments concerned his club's narrow 6-0 victory over stubborn Los Angeles Sunday and the upcoming football game against the Green Bay Packers next Sunday. Green Bay defeated Minnesota 23-7 Sunday.
The Bears, who defeated the Packers 10-3 in the season opener, are tied with Green Bay for the Western Division lead in the National Football League. Each club has an 8-1 record and the upcoming game could determine the divisional championship.
For the Bears, it was the same story it has been all season in their triumph over the Rams. The defense did it again. Six times this year the Bear defense, which Halas considers the best in his club's history, has held the opposition to one touchdown or less while the offense throughout the season has been erratic.
<b>EXPECT NEW VOTING RULES</b>

#### By W. B. RAGSDALE JR.

#### Associated Press Sports Writer

WASHINGTON (AP) — The U.S.-Olympic Committee is expected to adopt new voting rules today that would further strengthen the Amateur Athletic Union in its struggle with the colleges, already a loser after only one roll call vote in the two-day proceedings.

The changes to be voted on today would give the AAU an even bigger margin over the National Collegiate Athletic Association on the Olympic Committee.

The first showdown came Sunday when the Olympic Committee reversed its board of directors in a dispute over international baseball. It was a clear victory for the AAU in its battle with the NCAA for control of amateur sports.

Off Sunday's show of muscle, the AAU figures to have little difficulty getting passage of the voting changes. Also on today's agenda is an amendment permitting President Kennedy to name three members of the Olympic Committee's board of directors.

## NBC SPECIAL SUNDAY NIGHT "VERY FUNNY"

By CYNTHIA LOWRY

NEW YORK (AP) — Henry Fonda, host of Sunday night's NBC special, "That Was The Week That Was," explained that the hour was designed to help the audience "keep your thumb on the nose of the news."

And for 60 minutes a group of talented performers poked fun at just about every topical target in sight, from Charles de Gaulle to debutante parties. Some of the sharpest satirical thrusts were directed at American politics.

A lot of it was very funny, some of it seemed in poor taste, but all of it was intelligent, impudent and irreverent. Usually what television calls satire is a "spoof" of a TV commercial or an imitation of John F. Kennedy or James Cagney. This was the real thing, and it had bite.

### FUNERAL SKIT SCORED

There was a lethal sketch about Barry Goldwater and his conservative thoughts, a snide swipe at Nelson A. Rockefeller and even a blackout which went way out and included Thomas E. Dewey.

Perhaps the funniest sketch was done by the marvelous Mike Nichols and Elaine May. Miss May played a "grief lady" selling the services of her establishment to tearful customer Nichols, interested in an inexpensive funeral.

Some shafts went wide of the mark and some should never have been thrown. The show opened with a tasteless integration joke. There was a bit about a corrupt mayor which was not funny. Neither was an "interview" with a TV-wise clergyman who used Madison Avenue jargon.

### PREDICTS COMPLAINTS

The program strided roughshod into delicate areas, named names, pulled no punches. There will be complaints. But if the preview is well received, we may have such a weekly show next season. It would certainly add some salt and pepper to a rather bland television diet.

Recommended tonight: "Hollywood and the Stars," NBC 9:30-10 (EST)—departure from its usual format to show how motion pictures grooms young performers for stardom.

WASHINGTON (AP) — Michael Ross, 65, director of international affairs for the AFL-CIO since 1958, died Saturday of a lung ailment.

## WILSON HORSE WINS BIG ONE

RINGWOOD, N.J. (AP) — Work crews today begin the dangerous task of trying to recover the body of a youth who was hurled to the bottom of an abandoned mine shaft in an earth slide.

Police said the victim, Harry Van Dunk, 15, of Ringwood, was playing with two friends Sunday near the rim of a slope leading to the shaft when the earth, loosened by rains, began to move. The other youths, Arthur Milligan, 11, and Randall Milligan, 13, scrambled to safety.

Van Dunk was thrown backward and down the 100-foot shaft. Police estimated he was buried by 200 tons of muck.

## BLOOMER TO HEAD IOOF

MIDDLETON, Pa. (AP) — Jerome C. Bloomer of Pittsburgh will succeed Samuel J. Patterson of Philadelphia as grand master of the Grand Lodge of Pennsylvania, Independent Order of Odd Fellows, at the annual convention in Philadelphia next June.

Bloomer was nominated without opposition for election at the semi-annual meeting of the grand lodge here Saturday night.

## Win Wage Increase At Westinghouse

PITTSBURGH (AP) — Westinghouse Electric Corp. and the independent United Electrical Workers Union have a new labor contract calling for an average hourly wage increase of 13½ cents.

The agreement, reached Saturday, basically is for three years. However, a five-year agreement covers such benefits as pensions, insurance and vacations.

A company spokesman said the contract for some 6,600 UEC members follows the lines of the settlement reached previously with the Federation of Westinghouse Salaried Unions, International Union of Electrical Workers, AFL-CIO, and the International Brotherhood of Electrical Workers, AFL-CIO.

EDINBURGH, Scotland (AP) — Lady Mackenzie, 60, wife of novelist Sir Compton Mackenzie, died Sunday. She formerly was Miss Christine MacSween and had been Sir Compton's secretary for 33 years.

SAN DIEGO, Calif. (AP) — Clara Eckart, 52, a noted mathematician and wife of Dr. Carl Eckart, professor of physics at the University of California at San Diego, drowned Sunday in the ocean at La Jolla. The coroner's office listed her death as a suicide.

Next time you are preparing stuffed eggs and there's sour cream (cultured, of course) in your refrigerator, you'll find you can use it instead of mayonnaise for moistening the mashed egg yolks. Season to taste.

## SEES NIXON AS DARKHORSE

NEW YORK (AP) — Dwight D. Eisenhower sees Richard M. Nixon as a possible darkhorse candidate for the Republican presidential nomination next year.

The former president told a nationwide television audience Sunday:

"Now if there should be one of those deadlocks (at the national convention) . . . I think he (Nixon) would be one of the likely persons to be examined and approached because he is after all a very knowledgeable and a very courageous type of person."

Nixon, vice president under Eisenhower for eight years, was not available for comment.

He has said repeatedly he has no interest in running again for the presidency. He lost to John F. Kennedy three years ago.

Eisenhower noted Nixon's statements of disinterest when he appeared on the American Broadcasting Co.'s "Face the Nation" program.

"I had assumed that he had removed himself completely," Eisenhower said. "Now, if he has changed his mind or even is more receptive, why, all right."

## BLAST WRECKS NEW PSU DORM

ALTOONA, Pa. (AP) — A dormitory being built at the Altoona campus of Penn State, which has been the scene of labor trouble, was wrecked by an explosion Sunday. No injuries were reported.

Paul Hickes, the contractor, estimated damage to the large, two-story brick structure would run as high as \$50,000.

Police said the blast apparently was caused by dynamite which was wrapped in rags and put beside the building. Windows in nearby houses were smashed by the concussion.

The campus has been the site of labor trouble flare-ups since last August. The Carpenters and Joiners Union, District Council of Pittsburgh, has protested the use of non-union labor on the project.

Judge John M. Klepser of Blair County issued a permanent injunction against the council Oct. 14, banning all picketing at the construction site.

## LAYS WREATH FOR VETERANS OF ALL WARS

By FRED S. HOFFMAN

WASHINGTON (AP) — President Kennedy, himself a Navy combat veteran, today honors hundreds of thousands of Americans who died in war and more than 22 million living veterans.

Kennedy arranged to lead the nation's 10th Veterans' Day celebration by laying a wreath at the Tomb of the Unknowns in Arlington National Cemetery.

The ceremony was set for 11 a.m. (EST), the hour the guns stopped firing along World War II's Western Front just 45 years ago.

Gen. David M. Shoup, retiring Marine commandant who won the Medal of Honor in World War II, was chosen to deliver the chief address after Kennedy laid the traditional wreath before an honor guard from all the services.

### ENDURING PEACE

In his brief prepared speech, Shoup deplored that although man has made great strides in science and space he "has not yet learned to live in enduring peace with his fellow men."

But, the Marine leader cautioned:

"We cannot practice the deception that somehow, without alertness and conscious effort on our part, an everlasting panacea may develop which will abolish for all time man's oldest plague—war."

Shoup said "the invisible spirits of these thousands of gallant Americans" buried in Arlington have this hope:

"That some day there will be a meeting at the summit which shall become as everlastingly important to humanity as the Sermon on the Mount."

### HONOR ALL VETS

Once known as Armistice Day because it commemorated the end of World War I, the holiday was broadened in 1934 to honor those who fought in all the nation's wars.

According to official figures, there are 22,127,000 living U.S. war veterans—including 23 men in their 90s who fought in the Indian wars of the West.

### James MARLOW Reports

WASHINGTON (AP) — The generals in South Viet Nam solved one set of problems when they threw out President Ngo Dinh Diem and his troublesome brother, Ngo Dinh Nhu, both whom were killed. But there are others.

The brothers, after nine years in power, never solved them. Now it's the turn of the generals who are running the country. Will they be able to?

Steer it in a democratic direction? Diem didn't. His was a dictatorship. Wage successful war against the Communists? Diem didn't. Avoid conflicts, intrigues, jealousies, explosions? Diem didn't.

#### ENORMOUS POVERTY

Will the generals, through reforms and programs of benefit, be able to give the masses of Viet Nam a reason for caring who wins? Diem didn't. The mass of the 17 million Vietnamese live in enormous and primitive poverty.

Buddhists make up 70 percent of the population, Roman Catholics 10 per cent. Catholic Diem repressed the Buddhists. Will the Buddhists try to retaliate against Catholics now that Diem did? It's a haunting possibility.

Diem began his repressions in May when his government troops, firing on a Buddhist demonstration in Hue, killed nine people. The Buddhists had been complaining that Diem was discriminating against them.

Except for soaps, deodorants lose their protective powers unless applied to a well-cleaned skin. Underarm deodorants should be applied after the daily bath; more frequently if necessary. Dusted on cleansed skin, deodorant powders offer a daylong safeguard. Deodorant soaps purport to reduce the bacteria count for hours after use.

2. About Antiperspirants: These are formulated with varied kinds of aluminum salts, an ingredient that contracts the pores and so checks perspiration. Application is generally confined to the under-arm area. Products take many forms—liquid, cream, spray, roll-on and pressed powder. Strengths range from gentle to heavy duty. Maximum efficiency depends on fuzz-free skin and strict adherence to directions on the label.

3. About Hypo-Allergenic Deodorants: These are formulated for allergy-prone and hypersensitive skin.

4. About Dress Shields: To save the possible embarrassment of stains, dress shields should be worn when a deodorant is used. YOUR GROOMING—A TO Z

Effects of a back injury he suffered in the Pacific in World War II, planned to come to Arlington from a weekend in the country.

As he walked to his death at

Oxford in 1555 he said, "We shall this day light such a candle, by God's grace, as shall never be put out." It wasn't. When the Protestants regained power, they persecuted the Catholics.

The burning monk in Viet Nam shocked the world, pointed up for all to see as perhaps nothing else could the dilemma of the Buddhists, and encouraged other Buddhists to sacrifice themselves, too.

Seven of them made candles of themselves before the general's devastated Diem and his brother Nov. 1.

The Vietnamese people never have known democracy. They moved from French colonialism into Diem's dictatorship. Since they never had a chance to practice it, it can't mean to them what it does to those who grew up under it.

It can be no surprise then if the generals ignore the democratic road and operate as a dictatorship. If so, there can be no surprise if the country sinks into chaos under the weight of new repressions and power struggles.

Since the people are relieved to be free of Diem, the generals for a while at least are likely to have the country behind them and be able to fight a good war against the Communist guerrillas.

Present at the solemn ceremony were 51 cardinals, 5 patriarchs and 1,200 bishops and archbishops. Thousands of Romans lined the street to cheer the pontiff.

At a news conference in September, President Kennedy said: "We are for those things which help win the war." He was fed up with Diem. The generals looked like a fresh start.

#### NO QUICK VICTORY

This explains why the Kennedy administration, within seven days of the coup, recognized Viet Nam's provisional military government and why it hesitates so much in recognizing Latin American military coups which crush democratic regimes.

But victory in the field against the Communists is not final victory. The Communists in North Viet Nam will try other methods, promising always a better life to the masses of Viet Nam.

The new government in Viet Nam, even if it wins the fighting war, will have to find an answer to offset the Communist promises. The answer lies in programs of benefit to give the masses a reason for not choosing communism.

But the shootings brought the Buddhists' complaints to a head. They demanded improved social and economic status.

And then, as if he had listened to a voice coming to him over more than 400 years, a 73-year-old Buddhist priest, Quang Duc, drenched in gasoline, lit a match and burned himself to death in protest against Diem's policies.

In England 400 years ago, Catholic Queen Mary set out to repress the Protestants. One of their leaders, Bishop Hugh Latimer, was condemned to death by burning at the stake.

# BIG SHOWDOWN FOR PITT, PSU NOVEMBER 23

By THE ASSOCIATED PRESS

Familiar names head the list as Pennsylvania's college football season heads into the last two weeks of regular season competition—West Chester, Slippery Rock, Susquehanna, Pittsburgh and Penn State.

West Chester thumped Cheyney 76-0 Saturday and Slippery Rock pouted through Clarion's vaunted defense for a 30-0 victory. The two meet at West Chester next Saturday for the State College Conference title. The Rock is defending champion.

Pitt and Penn State appear headed for a big showdown battle Nov. 23, when the two archrivals clash at Pittsburgh in their traditional game. Both may wind up in postseason bowl games, but it's almost a certainty the winner will get its choice of bowl.

## 92-YARD RUN

Pitt gave up a touchdown to Notre Dame Saturday and then ripped back for a 27-7 victory, helped no end by halfback Paul Martha's 92-yard return of a kickoff for a touchdown. Quarterback Fred Mazurek starred with his running and passing. The Panthers have Army on tap next week.

State edged the favored Buckeyes of Ohio State 10-7 on Ron Coates' 23-yard field goal. The unbeaten Lions, who play Holy Cross next Saturday, capitalized on an Ohio State gamble which failed. The Buckeyes tried for a half yard and a first down at their 49 in the third period and were held. State then moved in for the three pointer that broke a 7-7 tie.

Susquehanna, which moves up a notch against Temple at Philadelphia Saturday, warmed up for the occasion with a 42-0 win over Union College as quarterback Don Green scored four TDs including a 97-yard return of a kickoff. Green, one of the state's leading scorers, now has 76 points for the season. The victory was the 30th in 31 games for the Crusaders.

## SAFETY WINS FOR STEELERS OVER BROWNS

By MIKE RATHET

## Associated Press Sports Writer

You're Cleveland quarterback Frank Ryan. You're leading 7-0 in the third quarter, but it's second down with the ball on your own three-yard line.

What do you do?

Sure. You give it to Jimmy Brown.

Well, you, Ryan, Brown and Coach Blanton Collier agree.

So does Pittsburgh linebacker Bob Schmitz, who diagnosed the pitch-out, knifed through and slammed Brown to the ground for a safety that propelled the Steelers to a 9-7 victory over Cleveland Sunday in the top upset on the National Football League program.

## JUST GOT TRAPPED

Ryan had one chance to call the play," said Collier. "I think it was called right. You should be able to execute a play anywhere on the field."

"I just got trapped in the end zone," said Brown, "that was all."

That was all for Cleveland. Pittsburgh took it from there, and scored the clinching touchdown in the fourth quarter on a nine-yard pass to Gary Ballman, a reserve receiver scoring his first touchdown in two years of NFL play.

## BROWNS IN TIE

The loss dropped the Browns into a first-place tie in the Eastern Conference with the New York Giants, who brought their record to 7-2 as Y. A. Tittle passed for three touchdowns in an easy 42-14 triumph over Philadelphia.

Green Bay and Chicago, meanwhile, remained in a tie for the Western Division lead with 8-1 records. The whole issue may be settled when the two teams meet Sunday in Chicago.

The Packers broke a 7-7 tie in the second half as John Roach passed for two of his three touchdown passes and a 28-7 victory over Minnesota. The Bears ran into even more difficulty, edging Los Angeles 6-0 on two field goals by Roger LeClerc.

## CARDS BEAT SKINS

St. Louis rode three touchdown passes by Charley Johnson to a 24-20 victory over Washington, San Francisco's Lamar McHan hit for three scoring strikes in a 31-24 triumph over Dallas and Jim Martin's field goal proved the difference as Baltimore edged Detroit 24-21.

In the American League, San Diego edged Boston 7-6 and Houston defeated New York 31-27. Buffalo beat Denver 27-17 Saturday night.

A record crowd of 54,497 turned out at Pittsburgh for the Steelers-Browns clash. Cleveland scored first, moving ahead

## BADGER SOLON IS LINKED TO BAKER PROBE

MILWAUKEE (AP) — The Milwaukee Sentinel said Saturday that Rep. John Byrnes, R-Wis., helped an insurance company whose stock Robert G. Baker is reported to have used as a stepping stone to his million-dollar fortune.

In a story from its Washington office, the Sentinel said Byrnes played a part in securing a change in an Internal Revenue Service ruling that "threatened the existence" of the Mortgage Guaranty Insurance Corp. (MGIC) of Milwaukee.

Sources in Washington said Baker bought MGIC stock before it was approved for public sale by the Securities and Exchange Commission, then used it as security to obtain business loans of as much as \$300,000.

### STUDY DEALINGS

The Senate Rules Committee is studying Baker's dealings in MGIC stock to initiate its probe of whether Baker, who resigned under fire Oct. 7 as secretary to Senate Democrats, used his position to advance personal business ventures.

The Sentinel said Byrnes introduced legislation in March 1960 to permit MGIC to defer corporation income tax payments so it could place enough profit in reserve to meet the requirements of Wisconsin law.

Shortly afterward, the Sentinel said, the IRS issued an administrative order permitting the deferral, making Byrnes' bill unnecessary.

## Greek Cabinet To Face Test Dec. 11

ATHENS, Greece (AP) — Premier George Papandreou and his new 19-member cabinet prepared today to face its first stiff test when Parliament convenes Dec. 11—a vote of confidence for the minority government.

King Paul swore in the cabinet Friday. All but one member belongs to Papandreou's Center Union Party, which won 140 of the 300 parliamentary seats in Sunday's election. The nonparty member is Defense Minister Dimitris Papalikopoulos, a carryover from a nonpolitical caretaker government that ruled this NATO country prior to the election.

## CHILDREN FEAR HOSPITAL IF TOLD TOO SOON

By GORDON BEARD

BALTIMORE (AP) — "Don't worry about your operation, junior. They'll give you some gas, and you won't feel a thing."

That may sound like a sympathetic statement from an understanding parent. But it may backfire and turn the operation into a fearful experience for the child, and the parents.

The child may remember that some people who come in contact with gas never feel anything . . . ever," says Dr. Matthew Debuskey, assistant professor of pediatrics at Johns Hopkins Hospital.

Debuskey was one of three members of the Johns Hopkins staff who participated Thursday night in a symposium entitled, "A Child in the Hospital: His Family's Role."

### CAN BRING NIGHTMARES

To talk about the hospital two to three months in advance is an error," he said. "Nightmares are apt to occur before the admission time. Two or three days in advance is much better."

Dr. David C Sabiston Jr., associate professor of surgery at Johns Hopkins said many children are no longer awed by hospital buildings, partly as the result of medical programs on television which "view hospitals in a rewarding light."

Debuskey urged parents to accompany the child to the hospital and stay with him during the critical period, attempt to exhibit confidence, and contact the patient daily either in person, by telephone or by mail.

## SENATE VOTES TRADE BENEFIT TO RED NATIONS

WASHINGTON (AP) — Party leaders whopped the foreign aid bill toward passage this week after the Senate voted to restore President Kennedy's authority to extend trade privileges to Poland and Yugoslavia.

The controversy over granting most-favored-nation treatment to the two Communist countries was one of the highest hurdles to be cleared, and the Senates vaulted it Friday 55-14.

The vote defeated an attempt by Sen. Frank J. Lausche, D-Ohio, to strike from the aid authorization a provision restoring the authority to Kennedy.

The most favored treatment is accorded to this country's non-Communist trading partners and guarantees lower tariffs. The administration argues that the trade privileges will keep Poland and Yugoslavia from falling under complete Soviet domination.

Acceptance of the favored nation provision by the Senate does not mean it will be in the final bill. It still must survive the conference with the House.

The Senate voted last year to continue most-favored-nation treatment for the two countries in the trade bill, but the House refused to go along.

However, its approval Friday was the biggest victory for the administration so far in the two weeks of debate. It followed a series of setbacks which saw the Republican and Democratic leaders agree to cutting Kennedy's request to \$3.7 billion. He had asked for \$4.5 billion.
